### PUBLICATIONS

The Bank Hospital launches its new E-care program, aimed at reducing paper-based processes and ensuring information security for its stakeholders

The Bank Hospital's CEO, Mr. Indren Poovan noted that the E-care program which is a comprehensive digital solution designed to revolutionize healthcare operations is in line with the hospital's vision which is "to be the healthcare provider of choice",

The E-care program in collaboration with Medinous prioritizes security with its collaborative workflow and role-based security feature to ensure that patient data is properly protected. With a queuing system in place as well, patients will not be spending hours at different departments of the hospital. Doctors can even receive text messages when their patients' test results are ready, making it easier than ever to stay informed. This system is tailored to enhance the experience for both staff and patients.

The Bank Hospital would like to express their gratitude to their valued patrons for their patience and support during our transform paper to paperless systems.

For further enquiry, kindly call 0302 739373 or send an email to info@thebankhospital.com
